

## EPMB wins Honda job

**PETALING JAYA:** EP Manufacturing Bhd (EPMB) has clinched a contract to supply automotive components to Honda Malaysia Sdn Bhd.

The automotive systems and components manufacturer has started its third production facility, located 13km away from the Honda Malaysia plant in Malacca, and commissioned new automated assembly lines, EPMB said in a statement.

The plant and its equipment has so far cost the company an initial investment of RM27mil.
